

# Christian Growth *wheel*

## DIRECTIONS

With the center of the wheel as 0 and the outer edge as an ideal 10. Rank your level of *satisfaction* with each core life area by drawing or coloring that area in.

**Dose your wheel show room for growth?** Once completed look at your wheel. If you notice some lows in your walk with God take some time and *pray about that area*. Ask God to help you grow in that area and if you feel led create a goal.

Don't feel bummed or mad about your wheel in any way. Let it motivate you to *hunger more after God!*
